25X1A [REDACTED] Comment: This is an abbreviation for the Soviet Danube Shipping Company.

25X1A ** [REDACTED] Comment: These shipments of Soviet seamless piping may be a part of the 102,000 meters which were reported in [REDACTED] to be awaiting shipment to Austria from an unnamed Romanian Danube port last January. Until recently, barge movements have been impeded by the low water level of the Danube.
